SEC. W. B. LLOYD STRUCK BY TRAIN

OFFICIAL OF STATE HORTICUL-
TURAL SOCIETY WAS IN-
JURED HERE.

NOW IN LOCAL HOSPITAL

Struck by a Fast Eastbound Train
Last Night at C. & N. W. Depot—
Suffering From Concussion of the
Brain.

W. B. Lloyd, of Kilmundy, Ill.,
secretary of the Illinois Horticultur-
al society, was struck by Northwestern
passenger train No. 12, eastbound,
as it was pulling into the Dixon sta-
tion at 6:10 o'clock last evening,
and he now lies at the Dixon hospital,
suffering from concussion of the
brain and hemorrhage.

Just how the accident occurred is
a mystery, as no one saw the heavy
locomotive strike the man. In com-
pany with Charles Hey of Palmyra
and A. T. Keithley, Mr. Lloyd went
to the station to leave for Mt. Mor-
ris, where a meeting of horticultur-
ists began today. It is believed that
Mr. Lloyd suffered a lapse of con-
sciousness as the train was pulling
into the station, as this morning he
stated that he did not remember of
having reached the depot. While in
this semi-conscious condition it is
believed he walked directly into the
monster locomotive.

Thrown to Pavement.

He was thrown back onto the
brick platform and rendered uncon-
scious. He was taken into the bag-
gage room and Dr. A. F. Moore, the
company physician, was summoned.
Dr. Moore gave such treatment as
he could and ordered the man's re-
moval to the hospital, where he is
now confined. A severe cut was in-
flicted over the left eye, a slight con-
cussion of the brain, which it is be-
lieved resulted from his fall on the
pavement, also resulted. His son, J.
W. Lloyd of Chicago, arrived here
this morning to be with the injured
man.

IRA BERRY WILL PLEAD SELF DEFENSE

ROCHELLE MAN, CHARGED WITH
WIFE MURDER, BOUND
OVER.

Self defense will be the plea of
Ira Berry, who was held to the grand
jury at Moline Tuesday, charged
with the murder of his wife. Wit-
nesses at the inquest charged that Mrs.
Berry was a morphine fiend and that
she also drank heavily, at times, be-
ing known to have attacked her hus-
band with a club on several occa-
sions. Berry asserts that his wife at-
tacked him with a poker and that he
struck her with a frying pan in self
defense.

WIRING SHOE FACTORY.

Workmen started yesterday string-
ing the electric power wires which
will furnish the juice for the Red

The report of the finance com-
mittee for the fiscal year ending Dec. 1
shows a balance in the county treas-
ury of \$34,492.71.

Before adjourning this afternoon
until March 11, the board declared
in favor of a continuation of the pre-
sent system of road management, the
construction of permanent roads in
Lee county with state aid, the elec-
tion of one highway commissioner
instead of three, a state highway
commission and a county road su-
perintendent, and a change in laws to
provide for the improvement of the
roads in accordance with modern de-
mands.

NORTH DIXON PUPILS DONATE GENEROUSLY

LARGE ASSORTMENT OF NEEDED
FOODSTUFFS GIVEN TO
HOSPITAL.

The children of the North Dixon
schools made a very generous dona-
tion to the Katherine Snow Bethea
hospital during the Thanksgiving
week that was very much appreci-
ated by the hospital board and which
speaks highly for the families of the
North Dixon students. Among the
donations were: Two bottles of grape
juice, ten pumpkins, eight squash,
one and one-half bushels of potatoes,
one bushel of apples, beets and tur-
nips, one peck of onions, prunes,
cookies, 50 glasses of jelly and 31
quarts of canned fruit.

Occasionally one hears that the
hospital should be self-supporting,
because of the legacies it has receiv-
ed, but it should be remembered
that a large addition to the building
is needed and will be built next
spring, and the other expenses are so
large that every dollar is needed.

U. S. MAY TAKE UP CASE

SIX AGENTS OF COMPANY OPER-
ATE IN DIXON ARE
ACCUSED.

FURNITURE CLUB INVESTIGATED

Sangamon County Grand Jury Re-
turns Six True Bills Charg-
ing Fraud.

Chicago, Dec. 2.—Indictments
against six agents of the Standard
Furniture Distributing company, a
"furniture club" with 7,000 mem-
bers, and which has passed through
bankruptcy, were voted on Saturday
by the Sangamon county grand jury
at Springfield.

The defendants are charged with
obtaining money under false preten-
ses. The police in Chicago have re-
ceived warrants for the arrest of the
six, whose names will not be made
public until they are in custody.

According to information from
Springfield agents from the Stand-
ard company invaded that city six
months ago and began an active
campaign for club members. The
agents disposed of several hundreds
of the club contracts which provide
that when \$17.50 is paid the hold-
er is entitled to a piece of furniture
of that value. Several women com-
plained they had paid the amount
and the company refused to honor
the contract.

U. S. May Take Up Case.

The Manufacturers' Publishing &
Distributing company, which took
over the business of the Standard
company, is under \$5,000 bond to
keep all contracts of this character
entered into by the concern it suc-
ceeded. Charles Himmelstein, man-
ager of the present company asserted
that every paid up contract is being
honored. Mr. Himmelstein was sec-
retary of the Great American Furni-
ture company, which is now in bank-
ruptcy.

The state's attorney of Sangamon
county intimated yesterday that in-
vestigation of the Standard company
will not stop with the indictment of
agents. He said he was in the pos-
session of evidence which he will
turn over to the district attorney,
who may present it to the next
federal grand jury. It is known
that the Standard concern used the
mails to promote its business.

Bernard J. Brown, attorney for
Freud, asserted that it costs between
\$7 and \$8 to collect the \$17.50 on a
contract. This includes the agent's
bonus. This leaves the "clubs"
about \$10 out of which to purchase
the furniture the "club member is
to receive.

ATTENDING CORN SHOW.

County Superintendent L. W. Mil-
ler went to Oregon this afternoon to
attend the annual corn show which
the pupils of Ogle county give each
year. Mr. Miller is greatly interest-
ed in this feature and would wel-
come the innovation of such an idea
in Lee county.

SUNDAY SCHOOL ELECTION

The north side church will hold
their annual Sunday school election
tomorrow at 7:30 p. m.

SON IS BORN.

Mr. and Mrs. James O. Huff are
the proud parents of an eight pound
baby boy, born Tuesday.

DENTAL SOCIETY MET.

The Whiteside and Lee County
Dental society met at Sterling Mon-
day evening, at which an election of
officers was held. Dr. J. E. Davis of
Sterling was elected president; Dr.
Smith of Dixon, vice president; Dr.
W. J. Worsley, secretary and treas-
urer. The meeting was very well at-
tended.

WILL INSPECT NEW SCARBORO SCHOOL

STATE INSPECTOR HOFFMAN
MAY HONOR LEE COUNTY
HALL OF LEARNING.

STANDARD SCHOOLS ARE TAGGED

New Name Plates Have Arrived and
Will Be Placed on Doors of
Deserving Schools.

State School Inspector U. J. Hoff-
man of the state superintendent's of-
fice, and County Superintendent L.
W. Miller will tomorrow inspect the
new school at Scarboro with the idea
of making it a superior school. Mr.
Hoffman has visited the school once
before; following inspection it was
made a standard school. He is of the
opinion that if certain suggestions
he made then have been followed he
will be able to make it a superior
school, the second one in the state,
the only other being near Monmouth.

Door Plates for Schools.

The county superintendent's of-
fice is in receipt of some door plates
for standard schools which have
maintained their standard for a year
and is expressing them to schools
which have complied with the condi-
tions. The plates are painted to with-
stand the weather and are a matter
of pride to the teachers and pupils of
the schools which are entitled to them.

MINSTREL COMMITTEE OF ELKS MAKE PLANS

MANY LODGE MEMBERS HAVE
TALENT AND SHOW WILL
SURELY BE GOOD.

A meeting of the minstrel com-
mittee of the Elks, which will be in
charge of the big home talent show
to be given by the lodge the latter
part of January, was held last even-
ing, when the preliminary details
were attended to. There is a great
deal of excellent talent in the lodge,
and many new faces will be seen in
addition to the old ones. Rehearsals
will start soon.

VANDALS LOOT A PENNY SLOT MACHINE

GUM DISPENSER IN FRONT OF
BARBER SHOP WAS RAIDED
LAST NIGHT.

A penny gum machine which hung
in front of Stephan & Rossiter's bar-
ber shop, was broken open some
time last night and about 75 cents
in pennies and 25 sticks of gum were
stolen. The machine was ruined by
the vandals, who tore it from the
building and smashed it with a ham-
mer.

SWEETEST GIRL IN PARIS WAS EXCELLENT

The Sweetest Girl in Paris made
the hit of the season when it ap-
peared at the Dixon opera house Monday
evening. Without exaggeration it is
safe to say that it was the best mu-
sical comedy that has appeared here
in two years, at least. The company
was big and was first class, contain-
ing many who took part in the origi-
nal in Chicago and several of the
roles were better filled, than in Chi-
cago. The costumes and the scenic
effects were especially clean and
beautiful. Anyone who missed it,
missed a big treat.

A spirit of good fellowship and de-

SOCIAL FRICTION IN TOWN OF GALT

SCHOOL DIRECTORS AND SUN-
DAY SCHOOL PEOPLE CLASH
OVER A HALL.

The Sunday school workers of
Galt, west of Sterling, are greatly
displeased because the directors of
the Galt school have refused them
the use of the public school building
for their meetings. Inasmuch as
there is no other hall in Galt where
meetings can be held, and the direc-
tors have allowed the school house
to be used as a social center, the Sun-
day school people are decidedly
worked up over the action of the
school directors.

FINE NEW OFFICE.

States Attorney Harry Edwards,

Besides two or three of the new dances which Mrs. Collins will teach instruction will be given to beginners in the waltz and two-step at the beginning of the evening.

It is a great opportunity to have as high class a teacher in Dixon as Mrs. Collins and her pupils show marked improvement, this fact alone demonstrating her ability.

Mrs. Blake will make a special effort from now on to make the informals after the lessons a feature of the winter's festivities.

Gave Dinner

Mr. and Mrs. Mark Etnyre of Woonung entertained friends at dinner last evening.

Mystery Explained.

RELIEVING MUSCULAR STRAIN

Of the eyes that rob the vigor of the rest of the body, is our profession. Glasses are intended for

more than aiding of vision. Some of the most distressing diseases have been relieved by glasses after doctors and surgeons had doctored and cut to their heart's content. Do not procrastinate in the matter of having your eyes examined by us. Our glasses improve the health.

Engagement Luncheon.

Mr. and Mrs. Charles A. Dement of 303 East Third street announce the engagement of their daughter, Miss Lorna A. Dement to Charles Henry Reynolds, of Janesville, Wis.

Yesterday at 1:20 o'clock at an exquisitely appointed luncheon, Mrs. Chas. Dement announced her daughter's engagement. Twenty-five attended the luncheon.

The house was beautifully decorated in pink and white, the bride-elect's table in the dining room being adorned with a basket of pink begonias, tied with pink tulle. Pink and white was the dainty color scheme, the place cards also carrying out the effect.

As the guests were seated Lohengrin's Bridal Chorus was the record put on the Victrola. An elaborate four course luncheon was served by Misses Ethel Sterling, Mary Morrison and Elizabeth Owens. Mints in heart shape were inscribed with the date of Jan. 8, the day set for the wedding.

Mrs. Fred Dinick, Mrs. E. A. Sikkels and Miss Jean Hitchcock gave great pleasure in several vocal solos and Mrs. Will Gilbert delighted all with a reading.

The luncheon was a most enjoyable affair and the announcement of the engagement will bring congratulations from the many friends of Miss Dement and Mr. Reynolds.

Miss Dement, who is one of Dixon's most charming girls, is a vocalist of rare ability and possesses hosts of friends.

Mr. Reynolds, who is sales agent for the Burroughs Adding Machine company, is a gentleman of much business ability and it is a pleasure to meet him. His home is in Janesville, Wis., but his business headquarters are in Rockford.

Beauty Recipe.

Dr. F. H. Green, the great lecturer, gave this "beauty recipe" in one of his addresses: "Hear some beautiful music, see a beautiful picture, read some beautiful literature every day." All this, recognizing the close relation between soul and body, is perfectly reasonable. It is better than all cosmetics, rouges or drugs ever heard of. The picture, the music, the literature impresses the mind, which gives form and tone to the physical expression. Of course, this little experience must be sincerely considered, unselfishly and lovingly done. A put on appreciation of art will not avail. The true love of the beautiful makes beauty. This is a scientific fact, as sure and steadfast as that sugar will sweeten coffee. But one has to get meanness, ill will, suspicion, revenge out of one's heart, to make good use of the recipe; to give play to the beauty of the art. The starry sky, the songs of the birds, a glimpse of woods, a flower sprinkled lawn—these have the same effect. They make beauty for whoever loves them sincerely.—Ohio State Journal.

Surely try a "Danderine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time, this will cleanse the hair of dust, dirt or any excessive oil—in a few moments you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance, the beauty and shimmer of true hair health.

Besides beautifying the hair, one application of Danderine dissolves every particle of Dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.

DEMENTTOWN ...DOINGS

Winter is approaching although you, dear reader, may not realize it, and it has been suggested that some reference be made to the advisability of an ordinance compelling people to keep the snow removed from the public walks in front of their residences. Great little idea. And it would help the school kids, too.

But while discussing the above, don't lose sight of the fact that just 21 days are left in which to do that shopping and signify your intention of becoming a Goodfellow.

It has been said with more or less truth, that half of the ordinary mortal's time is spent in trying to find some way to save time, and the other half in killing it.

Incidental to the holiday stuff we rise to remark that we've heard a lot about Christmas Eve but have yet to hear a word about Xmas Adam.

We have often wondered what we would do if we had all of Rockefeller's cash. And the happy thought strikes us: What would he do if he had ours?

A proud father this morning handed us a clipping from a magazine which recited an interview with the great Thomas Edison in which he says that four hours' sleep a night is enough for any man. "And," said the father as he contributed the article, "Edison hasn't got a thing on my kid."

Pretty good, eh?
And then we heard a young lady ask her gentleman friend this question: "Does she dress well?" The brute replied: "I don't know. I have never seen her."

A person with a good imagination can have a lot of fun trying to dope out what Postmaster Fry will do when some woman comes to the post office after the first of the year and wants to send a gallon of ice cream by parcel post.

People may not catch diseases from kissing, says our friend George Paul, but look at the wives some men have caught because of it.

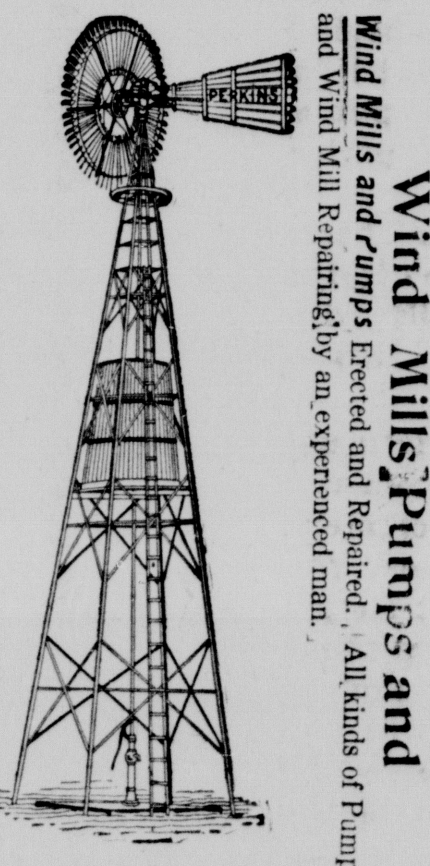

Are those genuine goldfish?
asked a customer of a charming miss in Long's flower shop.
"Yes'm," replied the demure little lady, "full 18-karat."

What Would You Do?
An eastern magazine asks: What would you do if you had \$3,000,000 like the Astor kid has?

We want every reader of this col. to let us know what he would do under those circumstances.

If we had it we would do one of the following things:
Take two days off.
Hire an automobile and ride all day.

Buy a real porterhouse steak.
Annex a fur-trimmed overcoat.
Have three shirts instead of two, and a belt for each pair of trousers.

Our School Notes.
Things are still pretty quiet here. But something happened at Sunday school Sunday which was a real good joke. Teacher asked Bill Tumms how many commandments there was and he said ten, and then she asked him what would happen if he busted one and he said there would be nine left.

And Henry Tibbets, who just moved here from Goose Hollow, was asked by teacher to rite a sentence using the word "gruesome."

This is what he wrote: "Dad didn't shave for a whole week and grew some whiskers." Te-he.

Scarlet Fever at La Grange.

Chicago, Dec. 4.—An epidemic of scarlet fever is threatening La Grange. The village board of health ordered all children on the south side of the suburbs to be kept at home. The school was closed for a week. If the spread of the disease is not checked the school will remain closed. Five cases of scarlet fever have developed since Thanksgiving. There were two before. The children who have the disease are: Catherine Sackett, Mary Pierson, Helen Dillon, Louise Green, Benjamin Anderson, Maude Lane, Charlotte Wetstein. All are in the first three grades. It is thought they contracted the disease from some companion in school. Dr. Charles F. McClure, commissioner of health of La Grange, examined the pupils and the teachers in rooms from which cases were taken. The entire building will be fumigated.

Kneels to Die 'Neath Train.

Moline, Dec. 4.—Martin Strike, whose home is in St. Louis, ended his life when he deliberately knelt in front of a north-bound Chicago, Burlington & Quincy freight train at Alpha, a junction point forty miles south of here. His body was ground to pieces. The engineer testified at the inquest that the man waited till the train was but a short distance from him when he jumped between the rails and dropped to his hands and knees. He faced the engine and calmly awaited his fate.

Life Convicts Form Lodge in Joliet.

Joliet, Dec. 4.—An organization was formed among the "life termers" in the Illinois state prison here whose aim is to give them the benefit of the parole law. The movement, backed by 100 convicts, will result in the drafting of a bill to be presented to the next legislature asking the same chance for freedom accorded others than "convicts till death."

Joliet Burglar Is Flush.

Joliet, Dec. 4.—A sympathetic burglar entered the bicycle store of O. F. Sunbaum here and, finding no money in the cash drawer, left a two-dollar bill on the counter. "Take this and buy yourself some lunch," was written on a scrap of paper pinned to the bill. The store had been ransacked, but nothing removed.

Rob All Stores in Town.

Sterling, Dec. 4.—Yeggmen broke into all the ten mercantile stores at Alpha. They carried away merchandise valued at more than \$1,500. The county authorities believe that it was an organized raid because of a yeggman gang that has been seen in the vicinity of Alpha for the last week. The robbers left no clue.

Elgin, Dec. 4.—Rev. W. L. Thompson of Abington has been called by the congregation of the Christian church in this city to preach every other Sunday for a period of one year. His time will be equally divided in attending to the congregations in this city and at Kinmundy.

Man Removed to Avoid Lying.

ILLINOIS NEWS NOTES
Peoria—Guilty of manslaughter, was the verdict yesterday of the jury at Lewiston, in the case of Earl Gray aged 21, charged with the murder of Mrs. Emma Mabelle Windsor, 37 years old. The jury reached a verdict after 12 hours. Gray struck Mrs. Windsor with a stick of wood, following a neighborhood quarrel.

Gtewa — Tony Saleja, "banker" is now prisoner at the county jail, having been brought here from Streator when he failed to give \$5000 bond for his appearance before the grand jury. Saleja was for a time a saloon keeper in Streator. He owned a big safe and some of his country men deposited their earnings with him. When the total deposits of the bank reached \$520, Saleja and his wife departed with the entire fund, it is charged. He was arrested in Joliet, but Mrs. Saleja could not be found.

DeKalb—DeKalb people were horrified to read in the Chicago papers of a tragedy in Hammond, Ind., in which a stepmother was shot down by her stepson, for DeKalb has interest in the fatality for Mrs. Grace Cravens, the woman who met her death at the hands of her stepson, lived in DeKalb several months last year while she was organizing the Knights and Ladies of Honor in this city.

DeKalb—Soil Doctor Eckhart of the Soil Improvement association, returned yesterday from his clover buying campaign in the fields of Wisconsin, where he has been for some weeks past looking up seed to be sold to the farmers of DeKalb county under the auspices of the association.

Rockford—A note from Mrs. Sked dated Illinois Penitentiary says her time is out. It does not state what her plans are or where she is going, though the note adds that she will send information later.

Mary Jane Sked was sentenced in the Stephenson county court to an indeterminate term at Joliet of from one year to five on conviction of manslaughter, her victim being James Remington, a child she had adopted.

Urbana—While harvesting a plot of Leaning corn at the U. of I. Agricultural Experiment station workmen came across a peculiar type of corn which was put aside as a curiosity, and planted last spring as an experiment to see what it would produce. The ear was cone shaped and had the appearance of being composed of a mass of kernels on numerous irregular branches. To the surprise of Dr. Walter Gernert, who has charge of the experiment, the ear produced true to type and its progeny is cone shaped and many branched like the parent.

Told of Lillian Russell.

This story is somewhat belated—but then a yarn about one of Lillian Russell's marriages is always worth while. It is alleged by those of her friends who attended her most recent ceremony that when the officiating clergyman turned over to her newly-made husband the signed marriage certificate, Mr. Moore seemed somewhat puzzled. "Is this all I get?" he asked. The clergyman said that was the usual form of return. However, if Moore wished, he had a small booklet which contained the form of the marriage ceremony and the signature of the cleric.

"Ah," said Mr. Moore, "that's better. I say, Lillian?"

Miss Russell regarded him pleasantly.

"Shall I take just a certificate, Lillian?" asked Moore, "or shall I get a book?"

And he waved the booklet vigorously in the air. Miss Russell shook her head at him reproachfully. "Why, no, Alexander," said she, "I haven't enough to make a book."

Washing with Stone.

Numerous inquiries have been made at the commercial intelligence department of the board of trade, in Basinghall street, London, E. C., respecting the exhibit of soapstone which arrived a few days ago from the British vice consul at the Russian town of Kertch, in the Crimea. The stone, which is dug out of the ground at a place called Bacht-Saral, and is known locally as "kheel," is used for all kinds of washing purposes and as an emollient. Of a marbled pale green and brown appearance, a piece of the mineral substance soaked in water crumbles to a soft paste. It is understood that none of the board's officials has yet risked shaving with the new stone soap, but hand basin tests in washing have been quite successful. On the ground of its comparative cheapness, about a tenth of the price of common soap, several British firms have already become much interested in the commercial possibilities of the curious exhibit. —Dundee Advertiser.

Getting Even With "Greatness."
"It is my delight to meet a Great Man," grimly said the Old Coder. "I extract a deal of glee from having a paunchy, self-important, ultra-inflated, prominent citizen in a fancy waistcoat announce to the Personage: 'Oh, Senator Humshak, permit me to present to you Mr.—er—Hawthum!' Then, as the Presence graciously grasps my hand with the clinging clutch of a cuttlefish and unctuously remarks that he is galled to see me, I like to note how it seems to galvanize him into new life and causes him to submit me to instant and keen scrutiny, to have me 'innocently inquire: 'What is the name, please?'"

We extend to you an invitation to call and see our samples of fine stationery, the designs of which are exclusive and pleasing to the most fastidious.

TO HIT TAFT NOMINEES

U. S. Senators Will Oppose 200 Recess Appointments.

Democrats Start Move to Hold Up Some of the Nominations Made by the President.

Washington, Dec. 4.—President Taft sent more than 200 recess appointments to the senate and immediately indications of a movement among some of the Democratic senators to prevent their confirmation became evident. Senator Gore, it was said, would have the active support of several colleagues in heading the movement.

Among the nominations is that of Edgar E. Clark, to be reappointed member of the Interstate commerce commission.

In a special message President Taft asked that appropriations for the American section of the international waterways commission be continued until it could make final recommendations as to a dam at the outlet of Lake Erie at Buffalo and to complete marking the boundary between the United States and Canada. The latter will take about fifteen months.

Retirement of the president of the United States as commander-in-chief of the army at \$10,000 was proposed in a bill by Senator McCumber. It also would pension widows of former presidents, while they remain unmarried, at \$5,000 a year.

A resolution to direct the secretary of the treasury to deposit \$50,000,000 in national banks to relieve the "sharp and active demand for money," was introduced by Representative Levy of New York, who declared it was prompted by the apparent lack of ready money in banking circles throughout the country.

REBELS DEFEAT FEDERALS

Madero's Troops Completely Routed by the Insurrecto Forces.

Washington, Dec. 4.—A Mexican federal force of 200 infantry has been completely defeated by rebels who have been sacking the country 50 miles north of Durango. The town of San Lucas, 40 miles north of Durango, was completely sacked December 1. Federals were sent in pursuit of the rebels and were turned back with losses, the trail of the routed troops now reaching a point 50 miles east of Durango. Rebel activities in that state have been steadily increasing during the last week, according to war department advices.

HITS NEW INAUGURAL PLAN

District Democratic Committee Speaks of It as "Utterly Foolish."

Washington, Dec. 4.—Proposal of a separation of taking of the oath of office by President Wilson and the inaugural ceremonies has been branded as "utterly foolish" by the District Democratic National committee. It was pointed out in business circles that it would be impossible to obtain enough money for both occasions. The people come here, it was declared, not to witness the great pageant and social features, but the historical event of the swearing in of a president of the United States.

To Fix Guatemala's Finances.

Washington, Dec. 4.—Plans for the financial rehabilitation of Guatemala at the hands of American bankers are now under way, aided by the good offices of the state department, and it is estimated that the financial arrangement may be made without the necessity of an international convention.

Distressed Woman Suicides.

Janeville, Wis., Dec. 4.—Driven desperate by separation from her husband, whom she divorced last spring for cruelty, and three small children at home with her parents, Mrs. Harry Bishop drank the contents of a bottle of carbolic acid and was found dead.

TRUCE IS SIGNED; GREEKS REFUSE

Armistice Concluded Between Turkey and Allies Except Hellenic State.

ADRIANOPLE CAUSES THE SPLIT

Turkey to Have Right of Revictualing Her Besieged Fortresses and All Detached Bodies of Ottoman Troops in Macedonia.

London, Dec. 4.—Information has been received that the dissensions between the Greeks and Bulgars have become serious and that 250 Greeks were killed when 3,000 of their troops attempted to occupy Serres, which already was occupied by Bulgarians.

London, Dec. 4.—The protocol arranging an armistice was signed by the Turkish and Bulgarian delegates, the latter representing also Serbia and Montenegro. Prior to this there had been a long sitting of the Turkish council of ministers to consider fresh proposals submitted by the allies.

Apparently the Greek delegate did not sign the protocol. At present nothing is definitely known on this point, nor of the terms of the armistice as revised.

The refusal of Greece to sign the armistice is susceptible of different interpretations. In the first place, as a tacit armistice has been in existence for more than a week already, it is not impossible that the negotiations may have served to bring about an agreement on the general principles of the peace terms, such as would promise the speedy arrangement of a peace treaty when the conference meets, as is now expected, in London. In this case the fact that Greece is standing out from the armistice protocol would not be of great importance.

Split Is Forecast.

In the second place, the Greek abstention may mean a serious split among the allies, arising from jealousies concerning the possession of Salonika and the acceptance of the Greeks on the capitulation of Adrianople, Scutari and Janina.

The terms of the armistice as accepted provided that the truce shall continue during the whole period of the peace negotiations.

Turkey is to have the right of revictualing all her besieged fortresses and all the detached bodies of Ottoman troops remaining in Macedonia and elsewhere as well as the Turkish populations in the various parts of the theater of war.

Turkey is to have the right of revictualing her fortresses, troops and population by way of the Adriatic and Ionian seas, in addition to the ordinary available routes. The allied Balkan nations are to furnish safe conduct for the revictualing parties and the Ottoman convoys are to be permitted to pass, if necessary, through the forces of the allies.

Blockade to Be Raised.
The blockade of the Aegean and Adriatic coasts of European Turkey is to be raised.

The terms are generally regarded as generous, but, in view of the great difficulty which Turkey necessarily will find in revictualing her scattered forces, their practical effect probably will not be very important.

The fact that the negotiations for the armistice were regarded as an integral part of the peace negotiations also helped Turkey to secure more favorable terms than would have been granted under other circumstances.

Adrianople was the obstacle which threatened to wreck the parleys between the plenipotentiaries of Turkey and the Balkan allies when they first opened at Baghiche, and Adrianople at the end of the negotiations was the most serious hindrance to the attainment of an agreement.

During the first session of the delegates the Turks absolutely refused to consider the surrender of the stronghold of Adrianople, and when the Bulgarians subsequently yielded to them on this point the Greek delegates shrank back and demanded time in which to submit the question to the government at Athens.

KNOW OF EXPLOSIONS

Ryan Admits Knowledge of Blasts Told by McManigal.

Witness Says He Investigated Many of Them Personally, Including the Wrecking of Times.

Indianapolis, Ind., Dec. 4.—President Frank M. Ryan of the International Iron Workers' union, on cross-examination in the dynamite conspiracy case here, admitted he knew of many of the explosions McManigal confessed to.

Ryan said that, although he knew nothing of the facts, and had no reason to suppose his organization had anything to do with them, he investigated a number of them personally, including the Times explosion. Ryan previously had testified that he knew nothing of any explosions whatever, but that "possibly he had noticed something of them in the press at the time they happened."

Ryan also admitted suggesting that J. J. McNamara publish an article in the *Bridgman* to the effect that the explosion at Clinton, Ia., was due to the same causes and done in the same manner as the explosion on the Taylor building in Cleveland, Ohio, just prior to the Clinton job, February 17, 1908. McManigal confessed doing the Clinton (Ia.) job, but the ironworkers are not charged with the Taylor job.

Ryan admitted writing to J. J. McNamara referring to non-union jobs in the places named: "Let Miller look after Buffalo and Rochester; Morrin can look after Mount Vernon, Ill., and let Hockin look after Cleveland and Davenport, and Peoria can be handled by Hockin."

ARCHBOLD CASE IS ON IN SENATE

Commerce Court Judge, on Trial, Admits Acts, But Says They Were Proper.

HOUSE WILL BE REPRESENTED

Last Similar Impeachment Case Was That of Judge Swane, United States Judge for the Northern District of Florida.

Washington, Dec. 4.—For the ninth time in its history the senate convened here as a high court of impeachment to try Judge Robert W. Archbald of the commerce court on 13 separate charges alleged to constitute "high crimes and misdemeanors." Counsel for the judge has admitted all the acts alleged, but denied that any was improper.

Judge Archbald and his attorneys entered the chamber promptly, as did the house managers.

The court adopted formal orders setting the hour of meeting daily at two o'clock and providing that the opening statements of the case should be made by one person on each side.

House to Be Represented.
The house, which brought the impeachment charges last summer, will be represented by seven managers, who act as the prosecutors in the trial. They are Representatives Clayton of Alabama, Webb of North Carolina, Floyd of Arkansas, Davis of West Virginia, Sterling of Illinois, Howland of Ohio and Norris of Nebraska.

A. S. Worthington of Washington and Alexander Simpson, Jr., of Philadelphia will represent Judge Archbald. Chairman Clayton was to make the opening statement for the prosecution and Mr. Worthington for the defense. Senator Bacon, now temporary presiding officer, will preside over the court and will probably continue in that position until the conclusion of the case.

Last Similar Case in 1904.
The last time the house had exercised its impeachment powers was in 1904 when Judge Swane, United States judge for the northern district of Florida, was called to account for misconduct and was acquitted by the senate.

The house on July 11, 1912, adopted articles of impeachment by a vote of 222 to 1, and a committee headed by Representative Clayton of Alabama, was chosen to act as manager on the part of the house to try the case before the senate.

Thirteen separate articles constitute the basis for the impeachment trial. These embrace dealings between Judge Archbald and railroad officials and others in regard to Pennsylvania coal or "culm" dumps and coal lands; contributions by attorneys and others to the judge's vacation trip to Europe in 1910; reputed "secret" correspondence by the judge with a railroad attorney concerning a pending case; and alleged attempts to have notes payable to Judge Archbald discounted by attorneys and litigants before his court.

LONGWORTHS AT PEACE

Ohio Congressman, Although Defeated, Is Not Unhappy.

Finds Much Consolation Over Truce Pact Entered Into by Household's Warring Factions.

Washington, Dec. 4.—Representative Nicholas Longworth called at the White House to assure the president that although there will be a Democrat in congress from the Longworth district in Cincinnati, all is once more peace in the Longworth family.

Mr. Longworth said that Mrs. Longworth, who, as all the world knows, was Miss Alice Roosevelt, took a cool thousand dollars out of the Longworth family treasury and bestowed it upon the "Bell Moose" party as a free gift. While this was going on Mrs. Longworth, the congressman's mother, was expressing an opinion of Mr. Longworth's father-in-law which was more forcible than complimentary. In his effort to keep on speaking terms with both branches of the family Longworth got so nervous that he forgot how to campaign, and in consequence he lost his district.

After the election Mrs. Longworth, Sr., was satisfied with Roosevelt's defeat, and Mrs. Longworth, Jr., was satisfied with the defeat of a Taft congressman, and peace was fully restored. Longworth said that while he regretted that he could not come to congress again, home with all discussions removed would not be such a bad place after all.

Dramatic Notes

THE PRICE.

At the opera house Friday, Dec. 6, for one night, Clarence Bennett and company will present Edna Marshall in *The Price*, which has just terminated a highly prosperous engagement at the Hudson theatre, New York.

Miss Marshall has been knocking at the door of stardom incessantly for a long time and her creation of this part proved the sesame that gave her the entrance. It is said that as Ethel Toscani in her latest triumph, she easily proved her right to stellar honors.

The Price is a modern drama in three acts. It tells the story of the fight a girl makes for love and happiness. Enmeshed by circumstances and scourged by a woman who hates her, there is much in Ethel Toscani to win the sympathy and interest of the audience. It is a part that is worthy of the undoubted talents of Miss Marshall, one of the greatest emotional actresses of the American stage.

Clarence Bennett and company selected the supporting company for Miss Marshall with the same careful consideration for the parts they have interpreted as marks all their companies. In the organization will be found players well known to Broadway audiences. Each scene is set in spirit of the play.

Make your Christmas Gifts Attractive at Our Expense

Regardless of the size or value of the gift itself, wrap it up in a neat paper, put on a few Xmas seals and Xmas stamps, enclose a pretty gift card, and attach a fancy tag or express label. It is quite the thing to do—the practice is growing year by year. Besides, it adds a lot to the holiday sentiment. Perhaps you have priced these "fancy fixings" in the stores and found them "too expensive." If not, price them now. Then you will fully appreciate this liberal offer.

A 226-Piece Assortment Free To Every Subscriber

Each piece is distinctly designed and colored, beautifully embossed on fine white stock and fully equal in appearance and quality to the "very best" subjects offered in the stores at "those high prices." Here is a comprehensive assortment, a variety to meet every want and large enough for the whole family's use. It contains:

6 Large Cards	50 Medium Seals	15 Post Cards
8 Medium Cards	50 Small Seals	6 Large Tags
10 Small Cards	16 Stamps	8 Medium Tags
25 Large Seals	2 Christmas Folders	10 Small Tags
10 "Do Not Open" Stickers	10 "Merry Christmas" Stickers	

We have tried to realize every want of our readers in this assortment—to make it complete and of the best quality. We have given a great deal of thought to a balanced variety, even including Xmas Post Cards, so that you may "remember" those to whom you will not send gifts. It is with great satisfaction that we offer this assortment to our readers, realizing that not only the quantity but the quality will favorably impress every recipient—that every one who receives this package will be more than satisfied.

DO IT EARLY

Do your Christmas shopping early enough to enable you to send presents by mail at least a week in advance of Christmas day.

Such a course will vastly relieve the holiday congestion of the mail service, and will assure greater safety in transmission.

The postoffice reports that last year, over fifty thousand packages, containing presents, sent through the mails, were not delivered because of carelessness in wrapping and addressing.

In the confusion incident to a big postoffice business during the holidays, the hazard of sending a properly wrapped and carefully directed package is considerably increased, but when such an article is loosely wrapped and only partially addressed, there is likelihood that it will never reach its destination at all.

Insure safety by mailing your presents a week or more in advance of Christmas day.

Monogram Stationery.

If you wish monogram stationery for Christmas, let us hear from you at once, as it takes two or three weeks to get the work out. Beautiful monogram paper, 40, 50, 60 and 75 cents per box, at this office.

Rockford—The watchful eye of the section foreman of the Illinois Central possibly prevented an accident late the other day. The foreman saw a disjointed rail on the Illinois Central bridge and he immediately set his crew to work and flagged incoming trains. The bolts holding the rails were not secure enough to make it safe for the heavy trains. Repairs were completed at 7 that night.

I Cure To Stay Cured

Varicocele, Stricture, Contagious Blood Poison, Vervo-Sexual Debility and all Reflex Complications and Associate Diseases

DR. GUTHRIE.

The Successful Specialist, who has cured so many in Illinois, will be in Dixon, at the Nachusa House, on Saturday, Dec. 7th, from 10 a. m. to 8 p. m.

VARICOCELE Whatever may be the cause of Varicocele, its injurious effects are well known. It debilitates and specifications of mind, weakens the body, racks the nervous system, and ultimately leads to complete loss of sexual power. If you are a victim of varicocele come to my office and let me explain to you my process of treating it. You will then wonder why I have positively cured more than 12,000 cases of this dire disease during the past twenty years. Under my treatment the patient improves from the very beginning. All pain instantly ceases. Soreness and swelling quickly subside. The pools of stagnant blood are forced from the dilated veins, which rapidly assume their normal size, strength and soundness. All indications of disease and weakness vanish completely, and in their stead come the pride, the power and the pleasures of perfect health and restored manhood.

STRICTURE I have disappointed many who have suffered from Stricture, or how many different doctors it matters not today. I will cure you just as certainly as you come to me for treatment. I will not do it by cutting or dilating. My treatment is new, entirely original with me, and perfectly painless. It stops every unnatural discharge, allays all inflammation, reduces the prostate gland when enlarged, cleanses and heals the bladder and kidneys when irritated or congested, invigorates the sexual organ and restores health and soundness to every part of the body affected by the disease.

NERVO-SEXUAL DEBILITY Men, many of you are now reaping the result of your former folly. Your manhood is failing and will soon be lost unless you do something for yourself. There is no time to lose. Impotency, like all sexual diseases, is never on the standstill. With it you can make no compromise. Either you must master it or it will master you and fill your whole future with misery and indescribable woe. I have treated so many cases of this kind that I am as familiar with them as you are with the very daylight. Once cured by me, you will never again be bothered with emissions, drains, prematureness, small or weak organs, nervousness, failing memory, loss of ambition or similar symptoms which rob you of your manhood and absolutely unfit you for study, business, pleasure or marriage. My treatment for men will correct all these evils and restore you to what nature intended—a hale, healthy, happy man, with physical, mental and sexual powers complete.

SOCIATE DISEASES If curing a disease of any kind I never fail to remove reflex complication. If it is Stricture, and has developed into Prostatic, Bladder or Kidney affection, the injured organs are all restored to a perfectly healthful condition. If it is Contagious Blood Poison, any and all Skin, Blood and Bone diseases arising from the taint are entirely and permanently eliminated from the system. If it is impotency, the many distressing symptoms following in its train and indicating a premature decline of physical, mental and sexual powers are totally removed and rapidly replaced by the youthful energy of robust manhood. Hence all resulting ill and reflex complications which may be properly termed associate diseases, and which in fact are often more serious than the original ailment that gives rise to them—all, I say, disappear completely and forever with the cure of the main malady.

Dr. Guthrie will be at the Nachusa House Dixon, on Friday, Dec. 6th from 11:30 a. m. to 8 p. m. and return every 4 week

NEW YORK, Dec. 4.—After waiting
for several hours for the jury that
heard the suit brought against Mrs.
Evelyn Nesbit Thaw by the Gorbam
company, Judge Lynch, in the city
court here, ordered a sealed verdict
to be delivered to him. When court
adjourned the jurors had failed to
reach a verdict.

Mrs. Thaw is being sued for \$2,061
which the silversmiths declare is due
for goods delivered to her in 1905.
She says the goods were sold to her
husband, Harry K. Thaw.

CULLOM HITS AT HAZING
Introduces Bill in Senate to Discour-
age Movement at Annapolis.

Washington, Dec. 4.—Senator Cul-
lom of Illinois introduced a bill to dis-
courage hazing at Annapolis, and at
the same time to make it easier for
Walter J. Tjian of Rochelle, Ill., a for-
mer cadet dismissed for hazing, to get
back into the service. Senator Cul-
lom's bill provides that a dismissed
cadet may be reinstated after the
class to which he belonged is gradu-
ated. The existing regulations bars
an offender for two years more.

WRECK VICTIMS BURN TO DEATH

Eight Killed, Four Hurt in
Rear-End Collision on
Pennsylvania.

TWO SECTIONS OF SAME TRAIN

First, Stopped by Slight Accident, Is
Telescoped by the Engine of
the Other—List of
the Dead.

Zanesville, O., Dec. 4.—Eight per-
sons were killed, four fatally injured
and three less seriously injured in a
wreck on the Pennsylvania lines, ten
miles east of here, in a rear-end col-
lision.

A passenger engine, west-bound, on
the Zanesville division, plowed into
the rear coach of a train bound for
Zanesville from the Cleveland di-
vision. The engine and car were
telescoped. The entire length of the
car was piled on top of the engine
and extended from the pilot to the
tender.

Passengers Roasted to Death.
Without a moment's warning the
crash came. Passengers were hurled
from their seats and, every avenue
of escape cut off, they were literally
cooked alive from escaping steam
from the engine beneath them.

Mrs. Nellie Taylor, Zanesville, was
taken from between the engine and
car with her body literally cooked.
She was also badly cut about the
head and arms.

Henry Balbian, superintendent of the
Dresden plant of the Cleveland
Woolen mills, was found on top of
the boiler enveloped in escaping
steam. His daughter and son-in-law
both escaped injury. He is also badly
hurt about the head.

Wilbur Rudrick of Zanesville and
Bartles of Albion, Mich., are both
reported dying from their burns, neck
and shoulders, from escaping steam.

Two Sections of Same Train.
The Cleveland express was brought
to a stop when a plug blew out.
While the engine was disabled a
flagman was ordered out to flag the
approaching train of the Zanesville
division. The flagman had only pro-
ceeded a few hundred feet when the
train rounded a curve. The warning
was too late and in another minute
the crash came.

The trains were running ten min-
utes apart. The second section
gained on the first because of the
damaged engine.

The Dead.
Mrs. B. A. Emerson, thirty-two,
Zanesville.
Her two children, aged two and
three years.

Harry Bartles, thirty, Albion,
Mich., traveling salesman.
Max Harris, thirty, Lodi, O., trav-
eling salesman.

L. H. Blaney, twenty-four, Zanes-
ville, brakeman.
Henry Balbian, fifty, Cleveland,
woolen mill superintendent.

Unknown man.
Fatally Injured.
Jacob Burgey, fifty, Zanesville, trav-
eling salesman.

Mrs. Nellie Taylor, thirty-five,
Zanesville.
James Bryant, forty-five, Lancaster,
engineer.

Trap Police, Then Turn on Gas.
San Francisco, Cal., Dec. 4.—
Chinese gamblers lured two police off-
icers to imprisonment in gas filled
chambers, leaving them to be asphyxi-
ated. But the men carried a small ax
and chopped holes through the walls
to obtain air and aid.

BLEASE DEFENDS MOB

UPHOLDS SLAYING NEGROES WHO
ASSAIL WHITE WOMEN.

Declares He Will Never Allow White
Men to Be Executed for Com-
plicity in Lynching.

Richmond, Va., Dec. 4.—Declaring
that he would never allow a white man
to be executed in his state for com-
plicity in lynching "a black brute who
had laid vile hands on a white woman,"
Governor Blease of South Caro-
lina, electrified the opening session of
the fifth annual governors' conference
here with a bitter arraignment of the
more mild mannered northern states-
men who frowned on lynching as a
crime and punished it as such.

In the course of his speech, during
a discussion of "Modern Penology,"
the governor of South Carolina said:
"If the men of the south cannot pro-
tect their women, where is their boast-
ed chivalry? All we need to know in
my state is that we have the man who
assaulted a woman of our race and up
he goes—he gets no trial for he isn't
worthy of it. I have pardoned over
400 men

Boston's Favorite Dish.

Mayor Fitzgerald of Boston has advised his fellow Americans to eat beans instead of meat in these days of high prices for the products of the packinghouses. He has issued an official municipal recipe for Boston baked beans.

They must be cooked, he says, with fat pork, molasses, mustard and other seasoning materials, in a pot of porous earthenware. His directions are minute. Presumably they comply in every detail with the exactions of the most fastidious bean eaters to be found in Boston.

The world will be grateful for this disclosure of the means by which Boston became a center of sweetness and light. Beans contain a large amount of proteid matter and are favored by vegetarians as a substitute for meat at all times.

Disinfecting Ambulances.

The Buffalo hospitals have adopted an improvement in ambulances which will probably be copied elsewhere. It is often impossible to take time to properly disinfect ambulances used for contagious disease cases. The new scheme consists in providing separate steel linings for the ambulances—one lining for each class of cases. For instance there is a lining for diphtheria, another for smallpox, a third for measles, another for scarlet fever and another for special cases. When for instance a scarlet fever patient is being moved, the special lining for such cases is placed in the ambulance. On the return of the ambulance the lining is taken out and thoroughly disinfected while another lining is shoved into the ambulance. In this way there is no loss of time for the ambulance.—Pathfinder.

Doubtful Melody.

"A bird that can sing and won't sing must be made to sing," said the ready-made philosopher.

"Yes," replied the practical person, "but anybody who would be satisfied with the result of that experiment must have a mighty poor ear for music."

"Horny-Headed Romanay."

How a prominent Missouri farmer was "scratched" by the tillers of the soil in his race for governor of Missouri, shortly after the war, is told by one who was there and knew how it all happened.

"This man," said the narrator the other day, "was one of the most prominent farmers and cattle raisers in the state. I shall not use his name. He was running on the 'greenback' ticket. Some place he had heard the humble agriculturists referred to as 'horny-headed yeomanry.'"

"This phrase was just to his liking, and he thought it would please the farmers to be referred to as 'horny-headed yeomanry.' And it might have done so had he not somewhat twisted the appellation in his attempt to use it.

"There are no grander set of men in this great state of ours," he said at his first big meeting of farmers' than you horny-headed romanay." But that was too much for the farmers. The candidate was scratched."—Kansas City Journal.
